The 06/06/11 email you sent out on the status of the P+N discussions missed an important action point. Your material stopped at the March meeting. However, there was a subsequent conference call between the agency attorneys and Patti Idlof (apparently) (I was not on it), which generated the current draft.

So the most recent, agreed-to-by-the lawyers draft P+N is the one attached below. This came from Patti, and was confirmed as the current draft by Melanie.

We may have to explain this correction to the assembled masses. Especially because the March draft and April draft are radically different.

I am sending you two emails. The first (this one) is my transmittal of the agreed-upon P+N from the federal attorneys meeting. Patti I. was the keeper of this document, so somewhere in there, I got this from her.

The next one will be Melanie Rowland, NMFS' lawyer, confirmation that what I sent is in fact the right version.

Per the request on today's call, I am sending out the April language developed by the federal team on the Purpose and Need.

I'm fairly confident that this is the final version from April, but Melanie or Jim may want to verify that.

Per our meeting yesterday, attached is the Preferred NEPA Purpose Statement which includes agreed upon edits from our 3-10-10 meeting at the Corps (with Reclamation, EPA, FWS, and NMFS in attendance), as well as subsequent edits to the last paragraph provided my Melanie Rowland and Jim Monroe on 3-17-10. Also attached is a clean version.
